

## Collectivities DApp Documentation

This archive includes:

- contracts/CollectivitiesToken.sol: ERC-20 token contract
- contracts/CollectivitiesNFT.sol: ERC-721 NFT contract
- frontend/index.tsx: Basic React component with wallet connect
- backend/schema.sql: Supabase SQL schema
- scripts/deploy.js: Hardhat deployment script

To be expanded into a production-ready Web3 platform.
